📍 Da Nang, Viet Nam

About me

I was born in DakLak. It is located in the central part of Viet Nam. I will get a bachelor's degree in information technology from Da Nang University of Education in July 2021.

I completed a Java programming course from A to Z at Professional programmer training center - iViettech and got quite good results with subjects: HTML, CSS, JSP, Servlet, Java Core, Java Spring, UML ... This course helped me gain programming knowledge and thinking and completed my first project.

I believe my skills and my experience is solid foundation for me on the way to become excellent website developer in the future.

Education

DA NANG UNIVERSITY OF EDUCATION

Sep 2017 - Jul 2021

Major: Bachelor of Information Technology

GPA: 3.2/4

PROFESSIONAL PROGRAMMER TRAINING CENTER - IVIETTECH
